BUSINESS ADDRESS: Enterprise Food Units, Murray Street, Fish Docks, Grimsby, DN31 3RD

Who we are

JCS Fish is a family owned business, based in Grimsby and specialising in salmon. Husband and wife team, Andrew and Louise Coulbeck, founded JCS in 2000 to capitalise on Andrew's long experience with salmon and to find new ways to promote this delicious and healthy fish.

JCS Fish has grown to become a thriving business and one of the UK's leading salmon specialists. We buy fine quality whole fish direct from leading producers in Scotland and Norway and process it in our BRC-accredited factory to meet the precise specifications of our foodservice, catering and retail customers.

Our approach

Farmed salmon is an important source of protein that can be produced with less environmental impact than land animals. It is also a rich source of Omega3 with its many associated health benefits. With this in mind, our focus is on making salmon as accessible as possible for British caterers and consumers.

All our fish is fully traceable to the individual farm. We work only with a small number of producers who farm responsibly, with minimum impact on the environment and wild fish stocks. JCS Fish is also a certified supplier to the [GlobalGAP](#) and [Aquaculture Stewardship Council](#) standards for sustainable aquaculture practice.

Organic

We are one of the UK's leading suppliers of certified Organic salmon, which we source from producers accredited to the [Organic Food Federation](#) standard. All such salmon is naturally slow reared on 100% organic feed.

Our products

We offer a wide selection of prepared natural salmon and added value products. We process whole fish and aim to freeze within 4 hours of arrival at our factory, to preserve all its natural flavour, texture and freshness.

- Whole salmon and sea trout
- Fillets, steaks, portions and supremes
- Smoked Salmon and Smoked Sea Trout
- Marinated, flavoured fillets
- Breaded goujons and bites
- A range of by-products (eg. off-cuts, block and fish heads)

BigFish Brand

We also offer a range of products for retail in our own, award-winning BigFish Brand. Check out the range at www.BigFishBrand.co.uk
